Deaths Trends & Statistics For Cruise Ship Passenger and Crew Deaths by Cause

Passenger deaths trends collected and presented by total counts and sorted by popular trends as they naturally occurred. After collecting the numbers for each section by passage status, (Passenger, Crew, Staff, Stowaway) we added some basic averages to help. Cruise Lines with more Cruise Ships in their fleet would naturally have higher incident counts. Age range if from 1 day to 92 years old and cause of death is listed with averages across the group.

Passenger, Staff, Crew and other deaths in order by age and cruise line name

Data to support our cruise line and cruise ship statistics is accessible on www.cruiseshipdeaths.com from our site navigation by visiting the pages in each category.
